Dear Judge Hughes,

It is clearly the case in this recent court decision by you:

<http://www.thenewspaper.com/news/35/3539.asp>

that a corporation and local government which each have a financial interest have colluded to override the will of the people as expressed in a popular vote. Your decision to deny participation by petitioners in court proceedings is wrong and goes against the constitutional right of the people to petition the government for redress of grievances. The will of the people should be respected.
